【NOTE】

- * **The “Request Form” is not an application form for any particular scholarship.** Submission of the “Request Form” expresses that you would like to be nominated to a scholarship requiring a university recommendation (such as a JASSO scholarship). The “Request Form” is used as reference material when we select candidates for scholarships. Candidates for scholarships will be selected from among the students who submitted the “Request Form” based upon screening Request Forms, GPAs, and interviews which might be held by each faculty or graduate school.
- * If you are nominated, the OIS will contact you by phone or e-mail. The period of nomination varies by scholarship, so you may be contacted at any time during the year. Students who are not nominated will not be contacted.
- * If you fail to submit the “Request Form” by the deadline, you will not be qualified to be nominated for any scholarships requiring a university recommendation during the 2024 academic year.
- * Recruitment for some scholarships for 2025 will begin in the fall semester of 2024. Therefore, you should submit the “Request Form” during the current submission period if you haven’t yet been awarded any scholarship for the 2025 academic year, even if you have been awarded a scholarship for the 2024 academic year.
- * Those who have unsatisfactory grades cannot be recommended.
Average GPA of those nominated in 2023: 3.31 [Undergraduate students] and 3.94 [Graduate students]
- * Incomplete Registration Forms will be rejected.
