Address by the Guest of Honor

Prof. Dr. Dr. h.c. (Dōshisha) Karla POLLMANN,

President and Vice-Chancellor, University of Tübingen

Welcome Address: Pre-recorded video message

Prof. Katsuhiro KOHARA, Th.D.

President, Doshisha University

9:45~10:30

< Life and Medical Sciences >

Keynote Presentation

Prof. Masaya IKEGAWA, M.D., Ph.D.

Faculty of Life and Medical Sciences, Doshisha University

***Implementation of Multimodal Imaging for Alzheimer's Disease Research:
approaching beyond plaques and tangles***

Coffee Break

10:45~11:45

Presentations

Maiko OKAMURA, M.Sc., Doshisha University

***Spatial Multi-omics Study for Dilated Cardiomyopathy Delineates Possible
Link between Macrophage Driven Inflammation and Copper Dyshomeostasis***

Julia ALBER, M. Sc., University of Tübingen

***Using Marker-Independent Imaging Approaches for the Observation of
Tumor-Immune Interactions***

Discussion

Lunch

13:00~14:10

Presentations

Nicola SARTORATO, M.Sc., University of Tübingen

Behavioral Modulation of Hippocampal Dynamics during Immobility

Yutaka KOBAYASHI, M.Sc., Doshisha University

***Imaging and Manipulation of Nuclear cAMP Dynamics Underlying Late
Phase LTP Induction***

Discussion

Day 1 Wrap-Up

Prof. Masaya IKEGAWA, M.D., Ph.D.

Faculty of Life and Medical Sciences, Doshisha University
